

SUMMER CAMP INTERNSHIP

PROGRAM DESCRIPTION:

Our Summer Camps are designed so that each child will have a unique opportunity to have fun while uncovering science, discovering new adventures, and exploring new challenges. Campers will have the opportunity to experience day-long adventures with children their own age while in a safe, facilitated environment with experienced educators. They will participate in creative projects that reinforce STEAM (Science, Technology, Engineering, Art, and Math) concepts and also have full access to exhibits as well as our new PCI Digital Dome Theater.

POSITION SUMMARY:

Summer Camp Interns assist lead Educators in the facilitation of camp activities that engage campers ages 4-12 years. Interns will support the daily operations of these camps by assisting in set-up and break-down of activities, maintaining and preparing activity materials, and assisting campers. Interns will rotate between all camp age groups allowing them to learn instructional techniques, the importance of informal education, and the best practices for engaging students of all ages.

RESPONSIBILITIES:

- Interact directly with campers of all ages and backgrounds by facilitating camp activities.
- Assist senior education staff in daily operation of camp programming and logistics.
- Assist with before/after care and lunch supervision.
- Assist summer camper parents/guardians with the Check-In and Check-Out process.

BASIC QUALIFICATIONS:

- Demonstrated interest in STEM (science, technology, engineering, math) and/or education
- Demonstrated interpersonal and communication skills
- Demonstrated ability to work independently and as part of dynamic team
- Interest in and enthusiasm for interacting with diverse Science Center campers and visitors
- Highly motivated, dependable, and flexible
